Indo German Orthopaedic Foundation

Dear Colleague,

Greetings from Indo German Orthopaedic Foundation, Chennai.

There are 290 deaths per day in India due to road accidents. In fact 50% of all Emergency cases in hospital are road accident cases.

With this in mind I take great pleasure in inviting you for the IGOF Master's Course in Trauma on September 26-27, 2009 at MIOT Hospitals, Chennai. The course will be conducted by a distinguished panel of specialists from India and abroad.

Please confirm your attendance by contacting IGOF Secretary **Ms. Irene Hnamte** at 044-22494442 between 9.00 a.m. and 6.00 p.m. on weekdays or E-mail: enquiry@igof.in

Warm regards,

A handwritten signature in blue ink, appearing to read 'Prithvi Mohandas', is written over a light blue horizontal line.

Dr. Prithvi Mohandas
Secretary, IGOF

MIOT Hospitals - Pride of Chennai

This year's venue for IGOF is one of the country's leading hospitals and a renowned centre for orthopaedics in India. MIOT was the first hospital to bring Computer Navigated Surgery to the Asia Pacific and is a pioneer in promoting minimally invasive techniques, keyhole and pinhole surgery. MIOT's orthopaedic team has completed 35,000 surgeries, including hip and knee replacements, on patients from all over the world.
