

Indo-German Orthopaedic Foundation

Final Programme

Master's Course on Trauma Challenges around the Knee, Arthroplasty & Arthroscopy.

March 31, 2012

& April 01, 2012

Vadodara, Gujarat, India.

Indo-German Orthopaedic Foundation

Dear Doctor,

Greetings from the Indo German Orthopaedic Foundation, Chennai.

The problems of trauma around the knee and revision joint replacement continue to pose unanswered questions to the young orthopaedic surgeon. The emerging, vibrant city of Vadodara has been chosen to play host to the International panel of experts in order to reach a consensus regarding treatment and surgical protocols.

Further, the “Mohandas – Weller Gold Medal” has been revived to encourage up and coming orthopaedic surgeons and will be given to the most promising young speaker.

Thanking you,

Yours sincerely,

Dr. Prithvi Mohandas

Secretary, IGOF

Indo German Orthopaedic Foundation (IGOF):

4/112, Mount Poonamallee Road, Manapakkam, Chennai - 600 089.

Majestic Laxmi Vilas Palace(Built By Maharaja Sayajirao Gaekwad III), Baroda

Vadodara (Baroda) enjoys a special place in the state of Gujarat. Until the early 1960's Vadodara was considered to be a cultural and educational centre. The first modern factory (Alembic Pharmaceuticals) was established in Vadodara in 1907 and subsequently companies such as Sarabhai Chemicals, and Jyoti came up in the 1940s. By 1962 there were 288 factories employing 27,510 workers. The establishment of Bank of Baroda by Sayajirao III in 1908 also helped industrial growth. And in 1962, Vadodara witnessed a sudden spurt in industrial activity with the establishment of Gujarat Refinery & Indian Oil Corporation Ltd.

Today Vadodara is gradually becoming a hub in Gujarat for IT and other development projects. It has a high literacy rate by Indian standards. Major industries include petrochemicals, engineering, pharmaceuticals, plastics and Forex. Famous companies such as ABB, Reliance Industries, L&T, DuPont, Bombardier, ERDA, General Motors Chevrolet, IPCL, ONGC, Sun Pharmaceuticals, GSFC, Alembic, Apollo Tyres, CEAT, Suzlon, Kemrock, GACL, Vasu Healthcare, CG Glass and JCT Electronics all have a strong presence in this city.

Medical College Baroda is an institution which traces its history to the pre-independence era. Initially the college started functioning with a batch of 40 students. Attached to the college is the 1,500 bedded academic teaching hospital, Sir Sayajirao General Hospital, a tertiary care centre which traces its origin to the Countess of Dufferin hospital started in 1865. The College and Hospital are located in a 36 acre campus located in Central Baroda. It functions as the Faculty of Medicine of the prestigious Maharaja Sayajirao University of Baroda, which is responsible for awarding the degrees to the students. The medical college provides undergraduate (M.B.B.S) and post graduate medical courses (M.D/M.S). It also provides comprehensive facilities for research and patient care.
